Bought a copy on the official site and played for ~ 20 hrs so far. Decide to buy another on steam to support the developers.. If you love UK Railroads, especially older ones, you won't be disappointed!

The Class 37 is very well made and fun to drive & the Scenery is just gorgeous.
I'd love to see more Services with the Class 08 in the future though.

Performance wise i get between 65 - 85 fps with a Gtx 1080, i7-4790k.

. Way too hard for my taste. But that doesn't really mean the game is bad. It's good, if you are looking for a totally insane and unfair challenge.. No one's playing this game

No controls settings

I cant pick Zombie mod

1/10. Very nice game, also one of Veibyn's great games. I've played it some hours, and it is enjoyable also a little frustrating some times. As a game should be, also there is some dead ends. So you can't just rush thru the game.

I like this game.. Not bad. Not bad at all. Keep adding new content, devs. I like the game a lot. I payed when i was like 14 and i still enjoy it 7 years later.

Great story, good grafics for that time. One of the best olden gold fps games.

A basic picross game. You can't go wrong for the price really.. For a simple prototype made by 1/2 person, a simple, fun horror/puzzle game. Don't expect something as a "game", that's just for people who played the games and want to know history of the devs.. pretty good game. I crafted a badge and it gave me a -90% coupon and ended up getting the game for \$0.11. I have played almost 4hrs and god honest truth it's quite fun to play casually. I'd recommend picking it up and you have 500 achievements to get to boot!! nice,lets see the near-future warfare. I picked the game up on sale. The trailer shows you what to expect for the most part, a simple, chill puzzle game. The music is particularly good and the graphics are colorful, along with a story and full voice-acting to make it more than just a points-based game. Simple up,down,left,right controls and some abilities to make the puzzles more immersive and challenging. I'm glad I picked it up.. Pretty good.
